Reference letter

Support Online sp. z o.o. has been supporting us since 2009 in the field of IT systems operation and maintenance. Additionally, Support Online sp. z o.o. has repeatedly implemented projects consisting in the expansion of the computer and telephone networks and the replacement of servers in our company. Support Online also actively participated in the implementation of new ERP class software.

We recommend cooperation with SOL to all companies that value:

- comprehensive IT support
- support from qualified staff
- individual care in response to the client's needs.

We can definitely recommend Support Online as a reliable business partner that offers not only professional technical support but also high-quality customer service.

Gebotechnika Sp. z o.o.
