The 26th of January, 2022

Our cooperation with Support Online began in July 2009 and covers Poland and other countries of Central and Eastern Europe. The cooperation concerns complex IT support.

Over entire period of our collaboration, we confirm that Support Online is a reliable business partner. The following elements are particularly noteworthy:

- Professional and highly skilled IT personnel.
- Functioning and safe solutions
- Friendly and helpful staff
- Flexible and business approach

Having proven records of our successful cooperation, we plan to continue it. We highly recommend Support Online services to entrepreneurs who want to find a professional IT partner.
